No “fit to page”. Check the bar.
2. Cut around the outside of every
dark line — one piece.
3. Cut the dotted slit at the centre
of the ball. Craft knife.
4. Score and fold the dashed lines.
5. Fold the QR disc behind the face.
6. Wrap the band around the left edge,
across the face, and push its tongue
into the slit. The button hides it.
